

Motivation for John 20: 19-31

Happy are those who have not seen yet believe.

It is unbelievable isn't it that God gave his only Son who gave his life to save us and to give us eternal life with Him. Do you have doubts, struggles and difficulties? Do you ask questions? Yes, of course, we all do, it is quite natural and healthy.

Providing we wish to grow in our love for the Lord and to grow closer to God it is what we do about our doubts that is important.

Loving God is keeping his commandments, not so easy some of us say. We have to try, to hope and trust in God. Our relationship with Him can grow if we persevere but it does take time and effort. Listening with an open heart is the key to this growth of love for God and our neighbours. Jesus continually offers his unconditional love to each one of us.

Keep going and don't give up!
